

LIFTING US ALL UP

ACCELERATING INNOVATIVE CLEAN ENERGY VALUE CHAINS IN SMALL ISLAND DEVELOPING STATES (SIDS)

13 July 2018
13:15 – 14:30

Room 3
UN Conference Building

SAVE THE DATE

BACKGROUND INFORMATION

Small Island Developing States (SIDS) enjoy one of the most globally compelling business cases for sustainable energy investment. At the same time, the rate of deployment remains lower than is economically justified, and many SIDS are moreover looking to capture greater socio-economic benefits from development of the local energy sector.

The side event will explore how SIDS, regional organizations, and international partners can better foster inclusive climate and clean energy markets.
